SECTION 5. Fire-fighting measures

5.1. Extinguishing Media

Suitable Extinguishing Media Use dry chemical, foam or carbon dioxide, ABC powder, water mist.

Unsuitable Extinguishing Media As appropriate for surrounding fire.

5.2. Special hazards arising from the substance or mixture

Burning produces irritant fumes. Exposure to decomposition products may be a hazard to health. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses.

5.3. Advice for fire-fighters

A self contained breathing apparatus and suitable protective clothing should be worn in fire conditions. Keep containers cool by spraying with water if exposed to fire.

SECTION 6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on protective equipment before entering danger area. Wear protective gloves/protective clothing/eye protection/face protection.

6.2. Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Do not allow contact with soil, surface or ground water.

Do not allow uncontrolled discharge of product into the environment.
